

RUSSIANS LIKELY TO GIVE LEMBERG UP TO TEUTONS

Even Petrograd Now Expects Evacuation of Galician Capital to Come at Any Time—City Is Surrounded.

GERMANS AGAIN SHELL DUNKIRK FROM 20 MILES

Fourteen Charges Fall Within City Killing Many Inhabitants—Gases Are Used at North End of Battle Line.

PETROGRAD, June 22.—Although nothing official has been given out, the general opinion in Petrograd today is that Lemberg will soon be abandoned to the Teutonic allies. Semi-official reports received here state that the Russians are yielding to the Germans in the Lemberg district; that the roar of the artillery is now heard in Lemberg itself, and that thousands of the inhabitants are leaving the city.

In official circles, it is stated that Lemberg has only been used as a base of supplies for the Russian forces and that its evacuation would not lose any military advantage to the Russians because they have not strongly fortified the city.

While the war office admits that the Austro-German offensive continues in the region of Bava Ruska, it is stated that the Austrians are not making any progress in other sections of Galicia and Bukovina.

LEMBERG IS SURROUNDED.
VIENNA, June 22.—Lemberg was practically surrounded by the Austro-German allies and the fall of the stronghold held by the Russians was imminent, according to an Austrian official statement issued here today. Teuton troops were within 18 miles of the city. The official statement follows:

"The pursuing allied troops have advanced to Sankiew, about 18 miles north of Lemberg, and south of Lemberg to the Skemierek river. The Russian troops on this line are everywhere being attacked.

"Near Tikolawow and Zydaczow the Russians are making a stand on the Dniester.

"The troops of the army of Gen. Planzer have pushed strong Russian attacks with the heaviest of losses to the Russians, southeast of Plofok Zlopy; near Zale Sazyki and on the Besarabian frontier with heavy losses. Situation northeast of there was unchanged."

DUNKIRK AGAIN SHELLED.
PARIS, June 22.—Throwing shells for a distance of more than 30 miles, the Germans have again bombarded Dunkirk. Fourteen shells fell upon the city, killing several persons. The bombardment occurred at night.

The Germans are now using poisonous gases along the northern end of the battle line in France.

Great quantities of asphyxiating fumes were released south of Arras, around Quenneviers farm, where hard fighting has been in progress for two weeks.

In Alsace the French have gained further ground in the valley of the Fecht river, advancing both north and south of Metzlar.

ONLY 15 MILES FROM LEMBERG.

BERLIN, June 22.—Austro-German forces are now standing before the fortress of Lemberg, upon a statement today officially announced that the Russians in Galicia have retreated east of Zolkiew, which is about 15 miles due north of Lemberg. It is officially announced that the battles northwest of Lemberg are continuing.

Zolkiew lies on the Lemberg-Rava-Ruska railway line and upon the Swina river.

The French have renewed their attacks against the Germans near Neuville St. Vaast, north of Arras.

Upon the heights of the Meuse the Germans took 150 French prisoners in counter attack.

The Vosges mountains the Germans have shifted their positions during the night from the western to the eastern bank of the Fecht river. The movement of the Germans was not opposed by the French.

German aviators have attacked Courcelles. Aviators of the allies have attacked Brugges and Ostend without doing much damage.

ITALIAN TROOPS RENEW ATTACKS ON AUSTRIANS

Storm Clears and Operations Proceed Unhindered—Threaten Censorship Violators.

ROME, June 22.—Italian troops today renewed with great vigor their assaults on the Austrians, notwithstanding that for the last few days had interfered with military operations, had cleared away.

A drastic regents' decree issued today threatened severe penalties for those who publicly circulate any reports about military operations other than those contained in the official statement.

Punishment also is threatened for those who furnish information about military defenses.

The war office has been apprised that the Italian troops are now encountering stronger and better organized resistance from the Austrians. Gen. Frenze, in charge of the Italian forces in Austria, has sent out a general warning to Austrians, notifying them that all those who will be court-martialed and "snipers" shot down.

When the Italians took Monfalcone according to reports here, they captured two submarines and one cruiser under construction.

Grandpa Wilson and Latest Grandchild

Herewith is presented the first picture of Pres't Woodrow Wilson with his newest grandchild, little one-month-old Ellen Wilson, daughter of Sec'y of the Treasury McAdoo and the former Eleanor Wilson. Little Miss McAdoo made her entrance into the world on May 24, in the white house at Washington. This is the second grandchild for Pres't Wilson, the first being little Francis Sayre, son of Francis Bowes Sayre and the former Jessie Wilson.

GERMANY BEGINS PREPARATION OF HER REPLY TO U. S.

First Draft Is Entrusted to Experts of Foreign Office, But Kaiser Will Shape Final Note in Lusitania Case.

WASHINGTON, June 22.—Administration officials heard with gratification today that the preparation of the German reply to the American note has been begun by the Berlin foreign office and there is a prospect that it will be definite.

Unofficial but reliable, advices received here state that the first draft of the note is being entrusted to experts of the German foreign office, but that draft is to be sent to the Kaiser for approval and the latter will shape the final note which comes to this country and upon which so much depends.

It is understood that the Kaiser's intention to frame the note is pleasing to official Washington, because the German emperor has appeared friendly to the United States and it is not believed that he would seek a break in the amicable relations which have existed between the two countries.

Prepare Reply in Frye Case.
While there can be no developments in Washington at present regarding the controversy with Germany—that which arose following the destruction of the Lusitania—the administration is preparing a firm answer to the German ultimatum in the case of the William P. Frye, the American schooner sunk by the Prinz Eitel Friedrich last January. The answer has been drafted at the state department and is now under consideration by the president.

The position of the United States heretofore taken is that this case is not one for the prize court because Germany has admitted her liability and should pay damage without further parley.

Germany did not accede to this suggestion in its last note on the Frye incident, and the United States now is expected firmly to reiterate its position and ask that Germany close the incident.

NAMES TWO COLLECTORS.
WASHINGTON, June 22.—Pres't Wilson today appointed E. Burr Gongwer to be collector of customs at Cleveland, O., and Robert E. Latimer, collector of customs at Port Arthur, Tex.

U. S. PEACE OFFERS TO BE MADE PUBLIC

President Says Government Will Aid Act at Oppertune Time.

WASHINGTON, June 22.—Pres't Wilson made it clear today that the United States is not making an active effort to bring about peace in Europe, but that this government would do everything possible to promote the interests of peace when the opportunity is afforded. He asserted, in his talks with callers that he thought this position of the United States was understood generally and indicated that all peace offers of the administration would be made public.

The city engineer filed an assessment roll for a pipe sewer on Cherry st. and estimates on three other pipe sewers. These were on Corby st., Leeper av. and Jackson st. A referendum against the Leeper av. sewer was filed and will be given a hearing at the next meeting of the board.

The following hearings will come up at the next meeting:

Resolution for pavement of Lincoln way W. from Olive st. to city limits; pavement of Franklin st., Hill st., and a pipe sewer on St. Peter and Sorin sts.; the vacation of a portion of Lee's et al., and an assessment roll for the pavement of Cottage Grove av.

WANT APPRAISEMENT ON POWER DAM CHANGED
Officials of Electric Company Object to \$400,000 Valuation While Others Ask \$1,500,000.

It was expected that counsel representing the Indiana & Michigan Electric Co. and the Mishawaka Chamber of Progress would appear before the board of review Tuesday afternoon for the purpose of securing a change in the appraisement on the Hen Island dam. The value placed on the dam this year for the purpose of assessment was \$400,000 as compared with \$200,000 last year. It is said that the electric company objects to this increase, whereas the Chamber of Progress wants to have the valuation placed at \$1,500,000.

For Penn township show an increase of \$44,000 in the valuation of property in the township outside of Mishawaka this year. The total valuation last year was approximately \$623,000. As shown by the returns, this year there are 1,484 horses valued at \$77,970; 1,993 cattle valued at \$48,937; and 222 automobiles valued at \$56,400.

CONGRESSMAN BARNHART SUDDENLY TAKEN ILL

Representative of 13th District Stricken While Attending Indiana Alumni Dinner.

BLOOMINGTON, Ind., June 22.—Congressman H. A. Barnhart, of Rochester, Ind., was seized with illness today while attending the Indiana university alumni dinner and was removed to his room at a local hotel where physicians were summoned. It is feared the congressman is suffering from stomach poisoning.

BOARD OF WORKS TO ASK INCREASE IN 1916 BUDGET

Appropriations Will Be Requested for Building Code and Salary of Inspector, if Ordinance Passes Council.

STREET REPAIR FUND ALSO NEEDS BOOSTING

Loss of Revenue from Vehicle Tax Deprives City of Money for Maintaining Pavements and Raises Necessity.

Pres't E. M. Morris of the board of public works, and Mayor Keller announced Tuesday morning that there would be several increases in the annual budget of appropriations for the board of public works this year. The most notable will be that of the building code fund, and the provision of a salary for a building inspector who will go into office Jan. 1, 1916, if an ordinance now before the city council is adopted.

It is probable, according to the mayor and Morris, that the ordinance will be adopted. Probably the ordinance approving the building code will contain the section empowering the mayor to appoint an inspector. The salary of this official, according to the works board president, will not be less than \$2,500.

Other increases asked in the budget will be in the street repair and street intersections fund. The former, several years ago was maintained by the revenue gained through the old vehicle tax. However, that source of revenue has been abolished, and since more work is being done in this department yearly, the board will ask a special appropriation. The city has more streets, all of which cannot be properly provided for with the limited appropriations of past years. The 1915 appropriation for this department was \$5,500. It was said that this sum will be increased to at least \$8,000.

Pavements Heavy Drain.
The Michigan av. pavement, the Mishawaka av. pavement and other large improvements will prove severe drains upon the street intersections fund for 1916, it was stated. The Mishawaka av. work along this line alone will amount to more than \$12,000. The Michigan st. work will cost at least that much and probably more. The fund of last year was \$10,000, and that sum will be asked this year, with the representation that the board will have to make a special appropriation.

The total appropriation for the board of public works in 1915 was \$140,020, while extra appropriations amounted to \$10,839. The report of the board's financial standing on May 31 showed that \$59,303 had been spent. The June figures will exceed \$5,000, leaving a balance for the remainder of the year of approximately \$87,000.

In the streets and alleys department, Pres't Morris stated that there had been a great saving. The appropriation was \$18,000, and to date but little over \$10,000 has been used.

The city engineer filed an assessment roll for a pipe sewer on Cherry st. and estimates on three other pipe sewers. These were on Corby st., Leeper av. and Jackson st. A referendum against the Leeper av. sewer was filed and will be given a hearing at the next meeting of the board.

AD MEN TAKE UP SERIOUS WORK TUESDAY AT CHICAGO MEETING

Merry Prelude Comes to Riotous Close with Great Pageant and Sectional Meetings Begin.

CHICAGO, June 22.—With the period of play which characterized the opening of the 11th annual convention of the Associated Advertising Clubs of the World ended, the greatest gathering of advertising and business men in history, settled today to the real work of the convention. The merry prelude to the convention proper was brought to a riotous close last night by a \$100,000 pageant, with red fire, 150 floats exhibiting the new spirit of clean publicity, 15 brass bands, pretty girls and fully 4,000 advertising men in line.

The convention today was split into sections, and the morning and afternoon were taken up with business sessions of the various divisions. The delegates worked the feminine guests of the convention were entertained with automobile rides and a musicale at the Hotel Lasalle.

SLIGHT VICTORIES ARE CLAIMED BY AUSTRIANS

Three Attacks by Italians Are Repulsed and Coast Towns Bombarded.

VIENNA, June 22.—Slight victories over the Italian invaders have been won by the Austrian troops, according to an official statement issued by the war office here today.

Three attacks by Italians have been repulsed and Austrian torpedo boats have successfully bombarded several coast cities and towns, including Brindisi, according to the statement, which follows:

"Our brave troops have repulsed two attacks near Preva. Here an Italian officer, with a white flag and a bugler, appeared before our front to deliver a message from the commander of his brigade, but as they were without written authority, both were taken prisoners.

"In the district northwest of Kerm, east of Karfell, the enemy was repulsed from a position on the ridge. In this fighting detachments of the Dobrezin Homved especially distinguished themselves. Our heavy artillery successfully interfered with the mountain fighting on the Carpathian frontier. An attack by the enemy in the district east of Ploekien as usual was unsuccessful.

"In the Tyrolean frontier district there have been no important events. The fire of the heavy Italian artillery against our fortifications has been unsuccessful.

"On June 19 a torpedo boat successfully bombarded tank and harbor both at Monopol. The railway station at Bari and Brindisi have been damaged by the bombardment of our naval planes."

Latest Bulletins From War Zone

CONSTANTINOPLE, June 22.—The official Turkish statement follows: "On the Dardanelles front feeble artillery and infantry duels have occurred near Ari Burnu. Yesterday afternoon, the enemy attack on the left wing near Sedd-ul-Bahr was repulsed by our fire.

"An attack on our whole front at Sedd-ul-Bahr frontier in the day was also repulsed.

"Our Anatolian coast batteries on Monday shelled with success the enemy's destroyers, mine sweepers and artillery rains. Enemy aviators dropped 30 bombs on these batteries without damage."

PETROGRAD, June 22.—From an authoritative source it was learned today that Russian submarines in the Black sea have sunk a large enemy steamship and two sailing vessels. They were sent to the bottom by torpedoes between Eregli and Keffen.

PETROGRAD, June 22.—The following official statement of the Caucasus campaign was issued today:

"Saturday unimportant rifle fire took place in the region of Tev. On the rest of the front there is no change."

PARIS, June 22.—A dispatch from Brescia, Italy, today stated that temperatures on the summit of Monte Altissimo were below zero, and that a snow storm had made it necessary to suspend military operations in that vicinity.

AMSTERDAM, June 22.—A private dispatch from Berlin states that a declaration of war against Germany by Italy is imminent. If Italy declares war against the Germans she will probably send an army into France to help the allies.

LONDON, June 22.—The British steamship Carisbrook of Glasgow, bound from Montreal to Leith, has been sunk by a German submarine with the loss of 13 members of her crew.

AMSTERDAM, June 22.—Prussian casualties in the war are estimated at 1,409,489 in an official statement issued at Berlin today. The same statement said that \$50,000,000 damage had been done to German soil by the Russian invasion of East Prussia.

HAVRE, June 22.—Two stores containing 12,700 bales of cotton were destroyed by fire which started in warehouses here. The loss was \$200,000.

LONDON, June 22.—A Central News dispatch from Amsterdam says it is reported that a Zeppelin airship caught fire on Monday night near Zebrugge and fell into the sea.

TAGGART, BELL, PERROTT AND 125 OTHER POLITICIANS OF INDIANA INDICTED FOR FRAUD

NEGRO CONVICT DENIES MURDER

"Chicken Joe" Campbell Stolidly Maintains Innocence When Examined Before Coroner's Jury Probing Slaying.

JOLIET, Ill., June 22.—"Chicken Joe" Campbell, negro convict, suspected of the murder early Sunday of Mrs. Edmund M. Allen, wife of the warden of the Illinois penitentiary, today told his connection with the brutal slaying of the "angel of the prison" before a coroner's jury.

He told a connected story, but compared with statements previously made by guards who were on duty in the neighborhood of Warden Allen's private quarters in the prison building, there were several conflicts in details which the Joliet authorities believed were important. The chief point on which Campbell contradicted the guards was in regard to the length of time he was in the warden's apartment on the morning the murder was discovered.

Witness Is Firm.
"I was in Mrs. Allen's room only three minutes," testified Campbell.

"You were there from 20 to 25 minutes," snapped William D. Helse, former state's attorney of Will county, who was conducting the examination of the witness. "We have witnesses to prove it."

Campbell replied, "It was only about three minutes. I am positive." Campbell said Mrs. Allen had spoken to him about 6 o'clock on Sunday morning. Physicians who examined her body declared that when fire was discovered in the warden's apartment, and Mrs. Allen's body was found soon after 6 o'clock, she had been dead since shortly after midnight.

Campbell could not be shaken on this point, however.

Honor System Remains.
The honor system which was built by Warden Allen, assisted by his wife, "angel of the prison," was still in effect today.

Warden Allen, bowed with grief over the tragic death of his wife, declared today that his faith in his fellow men had not been utterly shaken, and he sent a message to his "boys" asking them to help make his burden easier by deporting themselves as the men he believed them to be.

The message said:

"In this, the greatest trial of my life, I want at least the knowledge that the boys for whom I and mine have tried to do are doing the right thing. I will do nothing until I have talked with you in chapel. If you want to help lighten my grief, be 100 per cent men."

(Signed) "Edmund M. Allen."

MAY USE LOCKOUT IN FINAL EFFORT TO FORCE ARBITRATION OF STRIKE

Chicago Contractors Threaten Shut-Down of All Plants Making Building Supplies.

CHICAGO, June 22.—Drastic action to put an end to the strike of 16,000 union carpenters and other small trades was announced today by employers of building trades, unless the carpenters agree to arbitration of their wage dispute. A gigantic lockout of all men employed in the manufacture of all building materials was threatened in the announcement. The order contemplated by the contractors' association would cause a general shutting down of all brick yards, lumber yards and other plants making building materials and cause the forced idleness of more than 200,000 workmen including all classes of teamsters.

Forecasts on the referendum vote on the proposition to give Pres't James Kirby, international head of the carpenters' union power to arbitrate indicated today that the men were not in favor of this plan. The Evanston local voted solidly against it. Ten Chicago locals vote on the proposition tonight.

NO PARTY FOR PRINCE

Prince of Wales Will Be 21 Years Old Wednesday.

LONDON, June 22.—The Prince of Wales will be 21 years old tomorrow. There will be no public observation of the future king's birthday. King George having requested that there be no celebration. The prince will remain at the front and the resolutions of congratulation which will be adopted by numerous civic and patriotic organizations will be sent to him.

PRISON FOR DE WET

Leader of South African Rebellion Also Fined \$10,000.

BLOEMFONTEIN, South Africa, June 22.—Gen. Christian De Wet, one of the leaders of the South African rebellion against the British government who was found guilty of treason charges yesterday, was today sentenced to six years imprisonment and fined \$10,000.

Marion County Grand Jury Returns True Bills Against Indianapolis Officials for Irregularities in Elections.

STUFFING BALLOTS AND COERCION ARE CHARGED

Ex-Mayor Roberts of Terre Haute Among Accused as Well as Dozen Present Officials in State Capital.

INDIANAPOLIS, Ind., June 22.—Indictments charging conspiracy to commit a felony were returned today against Thomas Taggart, democratic national committeeman, Mayor Joseph Bell, Superintendent of Police Samuel V. Perrott, of Indianapolis; ex-Mayor Donn M. Roberts of Terre Haute, and 124 other Indianapolis politicians by the Marion county grand jury which has been probing the 1914 election in Indianapolis.

Bonds for the defendants were fixed at sums ranging from \$2,500 for the lesser lights to \$10,000 for the more prominent politicians involved.

The elections in November, 1914, involved the election of a state ticket and congressman.

The indictment contained 48 counts against each of the 128 defendants and the charges were identical against all.

Ex-Officials Indicted.

Among others indicted were the superintendent of the workhouse, John O'Connor; former Chief of Police Robert Metzger; Detective Lewis Larsh; Police Lieutenants Morris Murphy and Oscar Merrill; E. J. (Big Chief) O'Leary and others prominent locally in political and official circles, including former County Pros. Frank P. Baker of Marion county.

But few persons were in court when County Prosecutor Rucker turned over the indictments to Judge James A. Collins of the Marion criminal court. The capias were immediately placed in the hands of deputies for service upon the defendants.

The indictment contains over 200 typewritten pages and covers an exhaustive investigation of the primaries, registration and election of 1914.

The charges contained in the indictment are very similar to those returned in federal court in the Terre Haute cases.

All Possible Violations Charged.

Practically every possible violation of the election law is charged, "stuffing ballots," "coercion," "strong arm work," "persecution," the balloting in favor of certain candidates, etc. These methods, it is alleged, were employed by the conspirators with the consent and knowledge of each other, different ones actively participating in each alleged transaction.

Politically a majority of those indicted are democrats. More than a dozen are present officials, either police, city or county.

Charge "Floater" Were Used.

The indictments charge that "floaters" were imported from Vigo and Hendricks counties.

Chief of Police Perrott is specifically mentioned in the 43rd count of the indictment. It is alleged the other conspirators united with Perrott to solicit and accept from saloon keepers "large sums of money." In consideration of their contributions according to the indictment, the saloon keepers were to receive "protection" in case of law violations, and were to be permitted to keep their places of business open on Sundays and legal holidays.

To obtain contributions from saloon keepers and others, threats of prosecution on "trumped-up" charges were made. It is alleged, the defendants thereby intending to extort money for the "purpose of debauching the general election."

Shortly after noon the "big guns" included in the indictments marched from the Indiana Trust building, where a conference was held regarding bonds, to the court house, where the sheriff's office resembled a stock exchange.

Officials Give Bonds.
Thomas Taggart gave bond for

(CONTINUED ON PAGE TWO.)
